

Water TechniX Cartridge Filter Elements

The range of Water TechniX Pool Filter Elements are engineered to provide superior filtration and long-lasting durability at a fraction of the cost of OEM filters. Experience up to 50% savings without sacrificing quality. Designed with advanced Trilobal filtration material, these filters capture up to 4X more dirt than standard filters, ensuring your pool remains crystal clear all year round.

Features:

- **Cost-Effective:** Enjoy premium filtration at up to 50% less than OEM filters.
- **High Efficiency:** The Trilobal material ensures superior dirt capture for cleaner water.
- **Durability:** Reinforced pleats and heavy-duty construction prevent premature filter failure, backed by a 12-month warranty.
- **Robust Design:** Tested to withstand the toughest conditions with 3X tougher end caps and 2X stronger cores.
- **Quick Installation:** Replace your filter in under 60 seconds to maintain pristine pool water effortlessly.

- Built for endurance, the Water TechniX Filter features reinforced pleats, 3X tougher end caps, and 2X stronger cores, making it resistant to heavy use and harsh pool conditions.
- Backed by an impressive 12-month warranty, it guarantees peace of mind, knowing your pool's filtration system is in top shape. Plus, replacing the filter takes under 60 seconds, ensuring easy maintenance.
